OUR FOUNDER

Sophia Yin DVM, CAAB, MS was a veterinarian who went on to become an animal behaviorist, author, and the founder of Low Stress Handling®. Dr. Yin started the movement for these techniques to keep both the animals and all handlers safe. She shaped the new standards of care for veterinarians and other animal professionals.

ABOUT US

After Dr. Sophia Yin's untimely death in 2014, her mother, Jackie, and the CattleDog Publishing team were dedicated to keeping her mission alive. In 2020, Jackie Yin and CattleDog chose VIN, the Veterinary Information Network, to nurture and protect Sophia's legacy. The foundation and principles of Low Stress Handling® are pertinent to the field of behavior, and we work tirelessly to continue Dr. Yin's work.

WHAT DOES LOW STRESS HANDLING® SILVER CERTIFICATION MEAN FOR MY PRACTICE?

KEEPING YOU AND THE ANIMAL SAFE

FIED SILV

WHAT ARE THE BENEFITS OF LOW STRESS HANDLING® SILVER CERTIFICATION FOR YOUR TEAM?
